NSS UNIT 140 in association with red ribbon club of Jyothi engineering college organized a blood donation drive. It was held in the EEE seminar hall on 1 July 2022. The drive started at 9: 30 am and continued till 1: 30 pm . The activity of

National Service Scheme

blood donation was executed by a team of doctors and nurses from Jubilee mission hospital. All the people filled out the form before donating blood. The weight, blood pressure and haemoglobin count was checked before donating blood. Our faculties and nss volunteers donated blood. Around 55 units of blood were collected. Each donor was taken care of by looking after any post donation weakness and refreshments were also provided.

## Report of Blood Donation Camp

Blood donation drive was hosted on the 1<sup>st</sup> of July at the **EEE seminar hall** from 08:45 AM - 01:20 PM. It was hosted by the red ribbon club of the college, in association with National Service Scheme Unit - 140 (NSS UNIT - 140). A team of 12 members from Jubilee Mission Medical College, Thrissur led the camp. "Donating Blood is an Act of Solidarity, Join the effort and Save Lives" was the theme slogan of blood donation camp for the year 2022. 53 students from the college donated blood, and more than 100+ students turned out for the blood donation drive. Refreshments were provided for all the volunteers who came up for donating blood. After the pre-registered volunteers were called up for blood donation, spot registration was initiated for the same. Students along with faculties from different departments participated for the donation drive. July 1<sup>st</sup> was doctor's day; the doctors were gifted with mementos for their valuable contributions for the society.

## MONTHLY REPORT

### PRANAYOGA

**DATE : 23 JUN 2022**

**VENUE: GOOGLE MEET**

NSS UNIT 140 JYOTHI ENGINEERING COLLEGE conducted an online session on yoga named PRANAYOGA. In accordance with international yoga day. These session was held on 23/6/2022 from 7-8:30 pm it started with manavageetha followed by welcoming the instructor by volunteers and was handled by Mr. Jenson Jose ,AP JEC. In this session sir explained about the importance of yoga and how much it is necessary to practise yoga in our daily life . He also gave us instruction for exilling for certain counts

Copy Attested

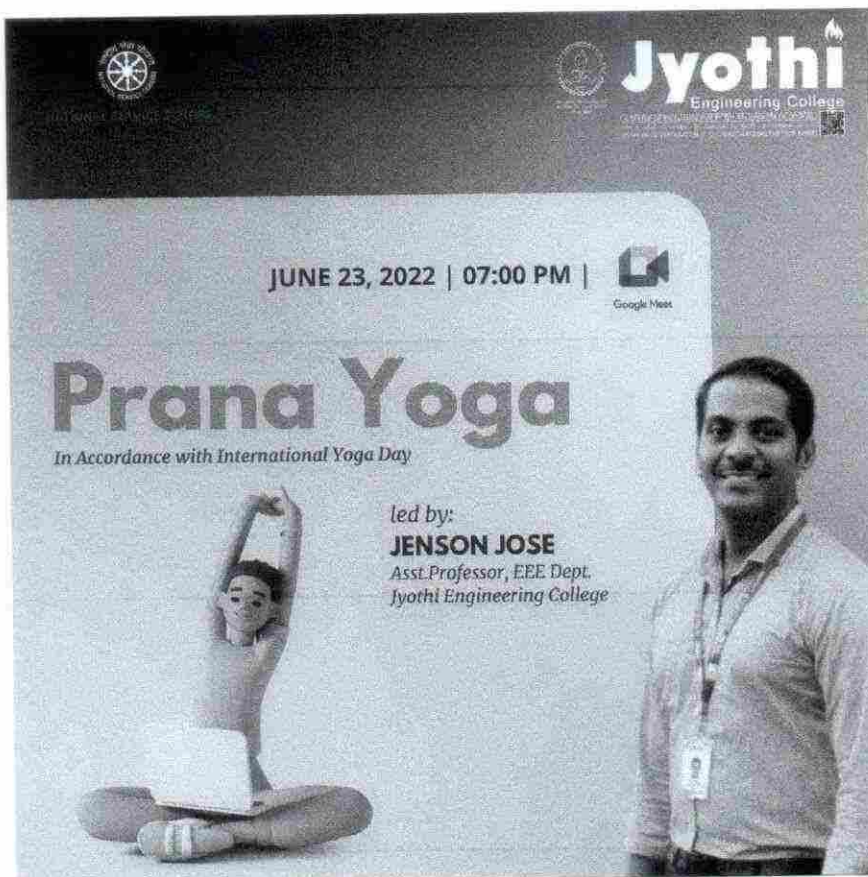

*Jenson*

Mainly discussed topics include:

- Origin of yoga
- Important and benefits of yoga
- Pranayama
- DIY for pranayama Exercises that can be done by sitting

Every NSS volunteers attended the session . Jenson sir cleared all our doubts and helped to know the importance

## Report

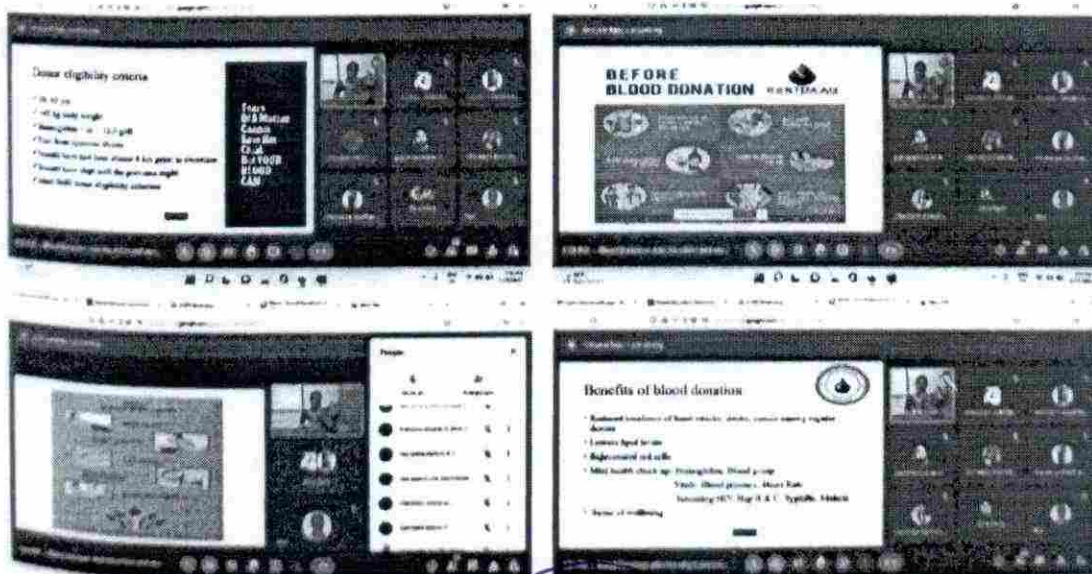

### Blood Donation: Join the Effort and Save Lives

Every year on June 14th is celebrated as World Blood Donor Day. The goal is to raise global awareness about the need for healthy blood and blood products for transfusion, as well as the unpaid vital of the volunteer blood donors played in the national health systems. The day also serves as a call to action for governments and national health authorities to allocate sufficient resources and implement mechanisms and infrastructures to promote blood collection from unpaid, voluntary donors.

On behalf of World Blood Donor's Day June 14th, the Red Ribbon Club of Jyothi

Engineering college organized a webinar "**Blood Donation: Join the Effort and Save Lives**" on 14<sup>th</sup> June 2022 at 7.00PM. Dr Nithya M Baiju, Consultant Transfusion Medicine from Jubilee Mission was Resource Person. The program was started with a prayer and Ms. Jeromiya extended welcome to all the dignitaries to the program with a quote, "If you are a Blood Donor, you are a Hero to someone, somewhere, who received your gracious Gift of Life". Ms. Namitha welcomes. Dr. Nithya M Baiju gave a right direction among the students about the need and importance of Blood Donation in this pandemic period as well as the eligibility and advantages of Blood Donation. Also, she underlines the value of students in maintaining a safe blood supply and clear the doubts regarding the blood donation in this period.

Around 70 students and staff members attended the session. By 8:00PM the program came to end with a vote of thanks by Ms. Subina, Student Coordinator of RRC.

## REPORT ON WOMENS DAY CELEBRATIONS

**Sub:** Report on women's day celebrations conducted by the Women Development cell, JECC on 8<sup>th</sup> March 2022.

The Women Development Cell of Jyothi Engineering College organized an interaction on the topic "Demystifying health". Students and faculty members from each Department were participated. The session was planned to conduct 10 am at the Decennial hall. The session was handled by Dr. Rose Xaviour, Assistant Professor, Department of Anatomy, Government Medical College, Thrissur, Kerala.

The session started with seeking almighty blessing. Ms Nivya Wilson, staff-coordinator of WDC welcomed the Resource person and the gathering. Fr. Thomas Kakkassery, Executive Manager, Jyothi Engineering College delivered the presidential address. In his talk, he appreciated all women for their achievements and commitments towards the society. After presidential address the inauguration of the programme was conducted with lighting the lamp by Dr. Rose Xaviour and delivers the inaugural address. The felicitation was done by Dr. Sunny Joseph kalayathankal, Principal, Jyothi Engineering College. In his speech he pointed out that women's are the beautiful creature of god. Vote of Thanks was delivered by Student Coordinator, WDC. The official programmes ends with National Anthem and interactive session with Dr. Rose Xaviour started

She made a very good interactive talk on the topic "Demystifying health". She discussed about the theme "Gender equality today for a sustainable tomorrow", which aims to recognise women who are working to build a more sustainable future. The International Women's Day website diverted from the UN given theme and announced: "Break the Bias" as this year's concept

The program came to an end at 11.00 am and after that, conducted an open discussion for students for their queries.

An image Campaign on the theme of the year "Break the Bias" was conducted as a part of Women's Day celebrations and management, staff members and students of Jyothi Engineering College Participated in the same.

The Session started at 7 pm. Dr. Edwin peter, founder of SEK Foundation hosted the class. He discussed about the topic which is a vast subject including relationship, family, parenting, love, care, affection.

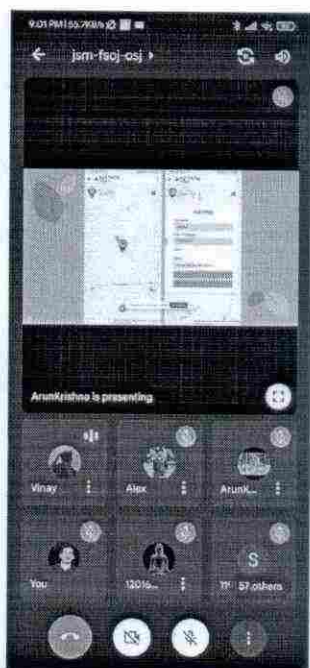

The session was mainly about Sex education. He discussed about gender and sex, what its difference is. He also discussed about sexual orientation and gender. He also discussed about LGBTQIA+ community and Its relevance.

He also shared a story about sexual abuse and how it affects everyone from male to female and how people are harassed.

He also included about body shaming in his topic and part of society and their taboo.

He discussed about male and female sex organs and details.

He mentioned famous people who are transgender. He included his viewpoints and the false approach from society. He talked about myths about masturbation. The class was quite informative.

## CLEANING PROGRAM

**Date : 06/11/2021**

**Venue: Jyothi engineering college**

We had an offline cleaning program conducted on 6th November 2021 with all NSS unit 14 members. It was conducted in our college. Total 44 members took part in this. Main clean a volleyball court which was quite messy.

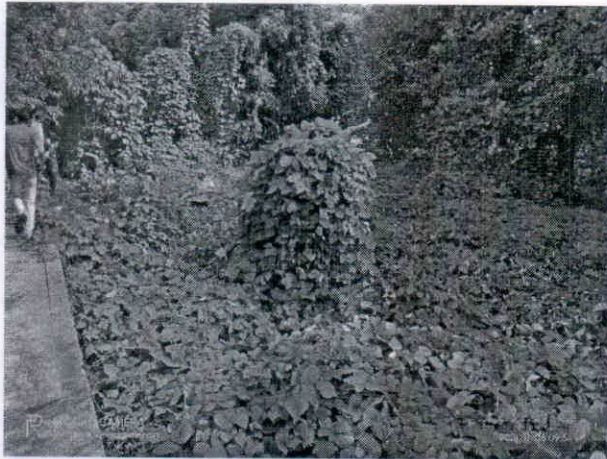

It took one day for cleaning the surroundings properly. We started at 9.30 and winded up at 4 pm evening. Everyone got intervals and time to spend with other members.

After the volleyball court was properly cleaned, we had a small interaction with all members and sang maanavageetham and nss clap before winding up.

It was quite successful and ground was properly cleaned with everyone's support. Every members did their best part in the cleaning work. More than work, we had a good interactive time too

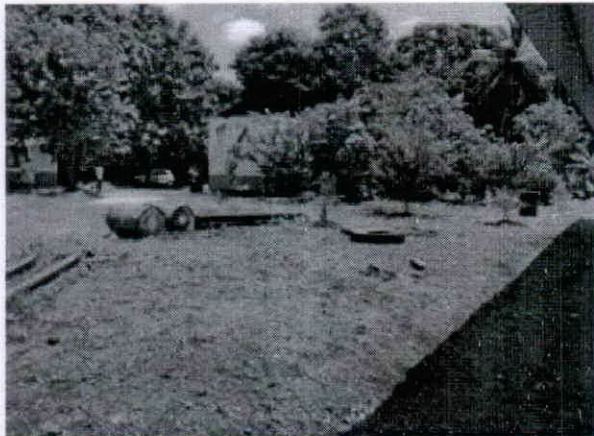

## CLEANING

**DATE: 02/10/2021**

**Venue: vallatholnagar railway station**

On 02/10/2021 we cleaned the vallatholnagar railway station . From 9 30 am to 12 30 pm . All the volunteers cleaned the station .

## NOTICE

### Engineers Day Celebrations

All are cordially invited for 54<sup>th</sup> Engineers Day Celebrations organized by IE(I) in association with department of Computer Science & Engineering on 18<sup>th</sup> September 2021 at 10.00 AM through google meet. The chief Guest of the day is Prof. K.V. Varkey Pattimattom, Former Managing Director of Hindustan Antibiotics Ltd, Pune. After the inaugural ceremony, the chief guest will deliver a session on the theme.

Theme of the 54<sup>th</sup> Engineers Day 2021 - Engineers for Skill Development & Employment in Combating COVID.

Google Meet link is given below : [meet.google.com/mjm-ccfd-kuo](https://meet.google.com/mjm-ccfd-kuo) (<https://meet.google.com/mjm-ccfd-kuo?hs=224>)

Respected Sir,

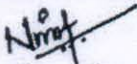

Sub: Request for Engineers' Day Celebrations

As a part of 54th Engineers' Day Celebrations, IEI student chapter of Jyothi Engineering college in association with the department of Computer Science & Engineering would like to host a program on 18th September, 2021 at 10.00 am through Google meet. Prof: K.V.Varkey Pattimattom, former Managing Director of Hindustan Antibiotics Ltd, Pune has agreed to the chief guest for the same. The theme for World Engineers' Day 2021 is "Engineering for A Healthy Planet". A poster design competition with the above theme can also be arranged for the students. Cash prizes will be awarded for the best three designs. I request you to kindly grant permission for the same.

Thanking You

Sub: Invitation for Engineers' Day Celebrations

Sir,

The Department of computer Science & Engineering of Jyothi Engineering College, Cheruthuruthy is organizing a program as part of 54<sup>th</sup> Engineers' Day on 18th September, 2021 at 10.00 am through Google meet. We are honored to invite you as the chief guest for the event. We will be grateful to you if you could accept our invitation for the program. You are also requested to deliver a session about the proposed theme for World Engineers' Day, 2021 : "Engineering for A Healthy Planet".

Looking forward to hearing from you soon.

Thanking You.

Yours faithfully,

  
HoD

### 54<sup>th</sup> ENGINEERS' DAY (15.09.2021)

54th Engineers' Day Celebrations' at *Jyothi Engineering College, Thrissur (IMI42)* started off with the garlanding function of Sir M Visvesvaraya's portrait on 15 September 2021 as a tribute to his extraordinary contribution to the engineering fraternity. The extended celebrations included an Expert Talk on the Theme "Engineers for Skill Development & Employment in Combating COVID" by Prof. K.V.Varkey Pattimattom Former Managing Director of Hindustan Antibiotics Ltd, Pune, organised by IEI Student Chapter - Computer Science & Engineering on 18th September 2021 at 10.00 AM through google meet with around 100 participants. The speaker for the day inaugurated the event and pointed out the future possibilities of work and skill bridges, skill Development strategy and opportunity for India and Indians in the changing times under COVID Scenario. He stressed the need to bridge skill gaps through conscious efforts in multiskilling, reskilling and upskilling the future generations.

The *video* depicting the important milestones in the life of Bharat Ratna, Sir M Visvesvaraya Ji was shown as a tribute to Father of Indian Engineering on his birth anniversary, followed by *IEI anthem*. Rev. Dr. Jose Kannampuzha, the Director of Academics, Jyothi Engineering college delivered the welcome address followed by Presidential Address by Dr Sunny Joseph Kalaythankal, Principal of Jyothi Engineering college.

An *online poster design competition* was also hosted in the institution on the theme for Engineers' Day, 2021 - "Engineers for Skill Development & Employment in Combating COVID" and the winners of the event were accoladed in the virtual meet.

Er. SASIDHARAN ACHARY M N, MIE, HON.SECRETARY, *Thrissur Local Centre, IE(I)* felicitated the gathering. In his session he explained the Engineers' role in combating COVID, prevention of the pandemic by Engineering, post-COVID economic growth & sustenance. The session ended at 11.45. A feedback regarding the session was taken from the participants. Dr Saju P John, HOD, Department of Computer Science & Engineering delivered vote of thanks. The programme ended with national anthem at 11.50 am.

Prepared by:

Respected Mam

I am Soorya M Nair, Assistant professor from Department of civil Engineering, Jyothi engineering college, Kerala. Jyothi Engineering College is a Centre of Excellence in Science & Technology situated in Cheruthuruthy, Thrissur, Kerala (www.jecc.ac.in). It has achieved an envious position as the fourth best Engineering College in the State and stands third among the Engineering Colleges affiliated to APJ Abdul Kalam Technological University. Our department offers a graduate program in Civil Engineering and a post graduate program in Transportation Engineering.

We wish to host a webinar in our college. I am writing this to inquire whether it would be possible for you to be a resource person for the webinar. You are free to choose the topic for your talk

We are ready to conduct it on any day in the second or third week of July as per your convenience. We would be grateful if you could spare an hour from your valuable time for this and be our guest. We shall be greatly thankful if you could convey your acceptance at the earliest, so that we can take the matter forward. Kindly consider our request.

Your response will be highly appreciated in this regard.

With best regards

Yours Sincerely

Sd/-

## REPORT

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System.

First started in 1941 as the Association of Principals of Technical Institutions (APTI), it was converted into "Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of Technology education. The major objective of the ISTE is to provide quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of top-quality professional engineers and technicians needed by the industry and other organisations. ISTE also involves in providing guidance and training to students to develop better learning skills and personality. It organizes an annual convention for faculty and students separately every year where a large number of technocrats, technical teachers, policy makers, experts from the industry etc. participate and interact. ISTE is actively involved in many activities conducted by All India Council for Technical Education, New Delhi (AICTE) and National Board of Accreditation New Delhi (NBA). Our college is conducting various programmes in association with ISTE and result oriented.

We were excited to conduct a technical talk as a part of ISTE activities. The talk was organized on the topic "SMART CITIES" by Dr.K Yogeswari ( Associate Professor, B.S. Abdur Rahman Crescent Institute of Science And Technology) on 22<sup>nd</sup> July, 2021.

The programme scheduled on 22<sup>nd</sup> July, 2021 was held through Google Meet.

## PROGRAMME SCHEDULE

A technical talk on the topic “SMART CITIES” was organized by the ISTE (student’s chapter) for the students and faculty. We invited Dr.K.Yogeswari, Associate Professor, B.S. Abdur Rahman Crescent Institute of Science and Technology for the session. The programme was conducted on 22<sup>nd</sup> July 2021 via Google meet.

The webinar started with a silent prayer. The introduction about the genesis of ISTE and the milestones it had leaped were well explained and chief guest was introduced by the coordinator Ms. Soorya M. Nair. The session was planned for one and half hour and it was very interactive with full-fledged effectiveness. The lecture had a very well participation which included the ISTE members, faculties, UG, PG and diploma students outside the institution also. At the end of the session, vote of thanks was proposed by the ISTE student representative, Ms. Rosemaria J. Kavalakatt.

## ABOUT THE PRESENTATION

Dr.K.Yogeswari, Associate Professor, B.S.Abdur Rahman Crescent Institute of Science and Technology, discussed about the topic “SMART CITIES”. It was really interesting and informative especially for those who are budding civil engineers. The session shed light on how to improve our technologies and built smart cities, which is a need of the day.

*Aman*  
DR. SURESH JOSEPH KALAYAN  
MCA, M.Sc., M.Phil., B.Ed  
Ph.D (Computer Science), Ph.D (Maths)  
PRINCIPAL  
Jyothi Engineering College  
Cheruthuruthy P.O.- 679 531

She firstly introduced the concept of smart cities and what are the components needed for development of a smart city. Upgradation of rural area is required now along with the improvement of the urban regions to cater to the needs of rising population in our country. She emphasized that the objective of the Smart Cities Mission is to promote cities that provide core infrastructure and give a decent quality of life to its citizens, a clean and sustainable environment and application of 'Smart' Solutions. The focus should be on sustainable and inclusive development. Smart city is to have smart people, smart living, smart governance, smart economy, smart mobility and smart environment.

There are basically two approaches pan city initiative and the development of areas step by step, depending upon the existing condition. Retrofitting, redevelopment and green field are the three main steps involved in development of areas. The various features of smart cities involve promoting mixed land use in area-based development, creating walkable localities, promoting a variety of transport options etc. Pan city smart solution comprises of E-Governance and citizen services, waste management, urban mobility, energy management and some other activities in brief. Applying Smart Solutions to infrastructure and services in area-based development in order to make them better is another objective of such cities.

Unlike the popular belief that it is limited to infrastructure and mobility, waste management, water management, energy management, urban mobility, weather forecasting and disaster management etc. also come under the purview of smart solution. Key elements of the smart cities as operation centers, Wi-Fi availability at every point, environmental sensors, public announcement system, emergency box and a well-connected broadcasting system were discussed by the speaker. She explained each component with real life examples pointing how and where exactly these components are of

use to the public. The speaker also briefed about the relevance of smart tracking management system, energy response system and smart parking management system. Our country has started implementing smart solutions in the form of VAHAN -RTO linking measures, smart parking in malls and CCTV cameras in roads to track the speed of vehicles. Still, there is a need to adopt more smart solutions in many areas like waste management and all which still more dependent upon the conventional solutions.

ABD master plan or area-based master plan was then discussed in details. This method involves a large input data and requires a common city operation center to control the entire area as in the case of Vishakhapatnam cities. Various smart measures adopted by the city were also explained. Smart pole technologies and the adaptability of the system in cities were also explored using the example of a dog bite incident. Underground tunnels and corridors that can carry the entire utilities of the city which has been implemented in Ahmadabad and their advantages over the other systems were studied.

Speaker stressed upon the fact that the pandemic time has increased the need for smart solution. Everything from education to health has become online and this is the perfect time for us to start changing our mindset and look for more smart solutions to have a sustainable living. Physical, social, economic and institutional development were emphasized as the four pillars of comprehensive development which requires more attention. Insight was given into the case studies conducted on the modernization of Panjagutta crematorium and Kanh- Saraswathi riverfront development

Dr K Yogeswari concluded the session by quoting the words of *Vipin Tyagi*, ED, C-DOT that "The real 'smartness' of a 'Smart City' is in using IoT/M2M Communications in standardized, safe, secure, accountable and harmonized way to fulfil the dreams and aspirations of its citizens" and that there are no smart cities without ICT/IoT.

## CONCLUSION

The function was a huge success; especially the presentation was highly useful and informative. It proved that in coming era, we need or must switch to concept of smart cities for a better living. As ISTE embraces budding civil engineers through ISTE student chapter, there are more than 1505 ISTE student chapters all over the India and the number is on the rise. The major objective of the ISTE is to assist and contribute in the production and development of top professional quality engineers and technicians needed by the industries and other organizations. ISTE tries to bring about effective linkage between technical institutions industry and society so that when the students come out the institution, their employability quotient is enhanced. We thanked all the dignitaries, chief guest, ISTE members, coordinators, teaching and non-teaching staff for their excellent support for the function.

## A SHORT PROFILE OF THE GUEST

The speaker, Dr. K Yogeswari is Associate Professor in Abdur Rahman Crescent Institute of science and technology, Chennai. She did her graduation and post-graduation from Anna University, Chennai. She holds a Ph.D. in civil engineering from School of infrastructure, B.S. Abdur Rahman University. Besides her 15 long years of teaching and research experience as UG and PG faculty in the college, she has of Industrial experience in construction section and also involved in many consultancy activities. She also guides 6 research scholars. She has numerous national and international journal papers and conference papers related to civil engineering field. To her
