6. Every class/batch should have a student and faculty co-ordinator. This list with names and contact details will be maintained with the Placement Office and the Company.
7. The attendance for the training programme will be monitored by a Faculty member from the College. The attendance sheet for each day/session should be submitted to trainer on a daily basis.
8. The name and qualifications of the trainers should be given to the college at least ten days before the training session and get approved. Only approved trainers will be allowed to conduct the training.
9. While the training programme is in progress, students will not be allowed to take leave from the session for lab/seminar/other activities. In such cases, students should seek prior written permission from HOD/Principal and should intimate the trainer in advance. Any such activities causing disturbance to Training session will be discouraged.
10. The company shall collect feedback from students for each session during Aptitude Training and Soft Skills Training. The feedback will be analysed by the company and shared with College if requested. Company shall make appropriate course corrections as applicable.
11. Absence of any trainer during a session will be treated as violation of the contract, if the company fails to arrange a back-up trainer to handle the session.
12. The company shall conduct a pre-assessment test prior to the training, on a mutually convenient date to assess the aptitude of the students. Similarly a post-assessment test will be conducted after the training. The results of both these tests will be shared with the college and appropriate steps will be taken by the company to customise the training and follow-up activities as per the need.

**Sub:** Infosys specific aptitude training for the 2020 batch students preparing for off campus drive

**Ref:** Our discussion with Mr Bibin Joy of the placement cell;

Dear Sir,

As the 2020 batch students of Jyothi Engineering College gears up for the off campus recruitment of the IT major Infosys, we are happy to offer our expert services towards the same.

A brief about  
**Konfidence**

Our firm Konfidence is a Kochi based organization operating and specializing in the field of preparing graduates and post graduates to clear aptitude tests during campus recruitment. Konfidence was started by two IIM graduates with an engineering background and industry experience in 2004.

The following are the salient aspects of our training programs

- # Focus on basic logic development and fundamentals - Utility beyond placements
- # Aptitude Tests designed in tune with the corporate and competitive tests
- # Test taking strategies and best practices to improve performance
- # Individual results sent to students and comprehensive report to placement cell.
- # Three areas covered - Logical Ability, Quantitative Ability and Verbal Ability
- # Faculty with 8,000 + hours of aptitude training experience to offer the course
- # No Franchisee / branch operations - Core team available to customers
- # Training programs of duration 2 days to 10 days.

## Details of the Proposed Infosys Specific 2 Day Aptitude Training Program

### Topics Covered.

The Infosys Aptitude Test consists of three sections - Arithmetic Reasoning & Analytical Thinking, Mathematical Critical Thinking & Logical Reasoning and Test of communicative English. These areas mainly correspond to Quantitative, Logical and Verbal areas. In the proposed two day training program we shall cover the following aptitude topics:

### Quant and Reasoning

- Analytical Reasoning and Puzzles
- Data Sufficiency
- Data Interpretation (Table, Bar Graphs, Pie Charts, etc.)
- Syllogisms or Deductions
- Quantitative Ability concepts like Time and Work, Profit and Loss

etc.,

### Verbal Ability:

- Reading Comprehension
- Error Correction and Detection
- Critical Reasoning or Theme Detection

We shall do a test analysis and discussion based on the test.

The students will also be initiated to our online resources that would help in their preparation.

## Training towards approaching aptitude tests.

Performing in Aptitude test papers involve more than knowing the test areas. Success (or a better score) here would depend a lot on the real time decisions that one takes during the actual test.

"Which all questions should I attempt?" or more importantly "Which all question are better left?"

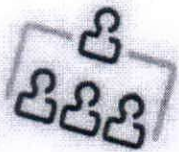

"What will be the cut off for this test?"

The above mentioned are some of the concerns that any test taker would have. In this training, we look at techniques and ways to improve the performance in aptitude tests and have a special focus on the Infosys pattern. In a nut shell we look at - "How to approach the aptitude test for better results?"

### Mock Tests and Benchmarking:

Whatever the students learn will be of no use if they are not able to apply their learning in an exam situation. During the proposed two day training program we shall administer two test papers in the Infosys pattern. This will give the students ample practice before the actual test.

**Konfidence's competent resource personnel will offer the course**

### Course Duration and Scheduling:

The batch of students will have 2 days of training.

Each day of training shall be of 5 % to 6 hours duration.

As per the present plan we shall have 1 batch (of 60 to 70 students) The program shall be scheduled as per mutual convenience.

**Course Fee:**

Our charges for the aptitude training programs are Rs 15,000 per batch per day. However, during our earlier discussions with the management, we had offered to do our programs at Jyothi Engineering college at Rs 14,000 per batch per day.

Thus the total course fee for the proposed program will be 1 batch \* 2 Days \* Rs 14,000 = Rs 28,000 (Rupees Twenty Eight Thousand only)

This will include the cost of course materials, test papers, test evaluation and reports.

**Payment Terms:**

Payments shall be made by Cheque / Online Transfer.

Payments are to be made in favour of Konfidence payable at Kochi.

**Logistical Requirements for conducting the course**

Our team of trainers shall offer the training in the college at mutually convenient dates. Normal classroom with white / black board and the required seating capacity is the best place to conduct the training. We shall bring the necessary course material and test booklets for students to work out. For administering the tests, we require additional classrooms or drawing hall to spread the students into an exam mode.

We shall look at mutually convenient dates for conducting the program.

Looking forward to add value to your students,

Team Konfidence.
