Dear Bibin Sir,

I thank you for giving us an opportunity to host a **LIVE and Exclusive** webinar for 3rd-year students of **JYOTHI ENGINEERING COLLEGE** on the topic "**Profile Building for Higher Education & Placements**".

This session was conducted on 8th AUG 2020 at 11 am, Totally 236 registered for the session out of which 167 students attended the live webinar.

I'm also thankful to HOD's, Placements Coordinators & Principal for their support. it shows extreme dedication and helpfulness towards the students.

I believe we as a team have used our maximum potential to stand up to your expectations to help the students with all their needs.

Please find the attached attendance details

Training Name : 4 Day TCS specific Training Program for 2016-2020 Batch
Vendor : Pragmatix, Kochi

Batch: 1

Date: 10th, 11th, 12th & 13th July 2019

Duration: 4 Days

Feedback: (Please give your feedback on the overall effectiveness of the sessions. Suggestions for improvement can also be stated. All comments are welcome. Please be sincere on your feedback.)

- 1) Day 1 - Interesting session.
Excellent teaching style.
 - Day 2 - Learnt many new shortcuts.
 - Day 3 - Verbal sections can be more exam oriented.
 - Day 4 - 1st session was so time-lagging. More questions can be discussed.
- Second session was nice. Was able to brush up all coding concepts.
- 2) Day 1 - class was interested and exam oriented.
 - Day 2 - Learnt many easy way to solve the questions in limited time.
 - Day 3 - In verbal section, it can be some more exam oriented. Learnt easy way to memorize the meaning of words.
 - Day 4 - 1st session can also include some more questions for practising.
Second session was good and interesting.
- 3) Day 1 & Day 2 - The aptitude class was so interesting and we were able to study many new techniques/tricks.
 - Day 3 - For verbal class, I felt, more grammar section can be covered within that time.
 - Day 4 - Only a few topics are covered. I think the idea of more codes ~~can~~ or logic can be covered within this time.

Day 1 & 2. class was very helpful, got a chance to know the easy techniques of mathematics calculation.

Day 3 - understand easy technique to solve problems.

Day 4 - The class was very good. The only issue was the presence of Computer Science HOD. In future, we hope he would interfere in our placement classes.

Day 1 & Day 2: The 1st & 2nd days class helped us a lot & it was interesting. Learned many tricks & tips.

Day 3: Verbal ability session was too good and enjoyed it.

Day 4: Technicals is good but time consuming. Day 1-3 stood out of all these 4 days because it was very informative.

The three days was very interesting and excellent teaching and the fourth day coding section is different from those days. We learn many things from those days. It was very informative and useful for our future. Some tricky questions and their solutions were very exciting one to us.

⇒ First of all let me thank all the placement faculties who took the sincere effort to make this 4 days training program to become a success. Let me hope this will be a stepping stone to my Engineering ^{career}. The classes and all the sessions

1) Hi,

These 4 days have been very informative and educational. Thank you for your valuable time to provide us knowledge on various aspects of TCS Training.

2) The classes ~~are~~ ^{was} very helpful. All topics are clearly understood. All the teachers gave their best. It was very beneficial training. Thank you for such a good arrangement & coordination.

3) The training was very helpful. First two days was very helpful and clear.

4) Though we were only having 4 days training it was very effective. We have got a rough picture about the exams. It will really help us to prepare.

well for exams. Thank you for giving us such a opportunity.

3) x A great place I have to explore into the main pattern & techniques to solve the problem - interesting class

6) + The classes was so interesting. learnt so many things which was I was no aware. + felt like duration was small.

7) The coding session would have been much more productive and practical. All the sessions were quite useful and interesting

8) The first session of coding is not helpful. All other sessions are interesting and useful.

9) The classes was really helpful. and interesting. first 3 days was really helpful.

10) The classes was helpful. Maximum utilized the time. The morning session of coding is not much useful and wasted time. Usually completed 4 days

11) The Aptitude and the verbal sessions are very much interesting. But the coding session can be improved.

1. Overall session for 4 days was effective but coding section was lagging.
2. The coding section were amazing but a little bit slower. If it is fastened a lot more can be covered.
3. The first section (maths) was amazing while both other sections were not that much understandable, especially the coding section.
4. The maths section was excellent. The verbal section is good. coding section was lagging.
Overall section is amazing.
5. first 3 day's classes was effective and good. Last day's programming logic and coding section was not upto the level as I expected. little lagging.
- 6) The first two day's class was much more effective than I expected and verbal class too make so much difference in me. But the technical classes are not brought so much impacts.
- 7) The aptitude session and verbal session were too good. The afternoon session of coding class was a bit disappointing.

Sub: Infosys specific aptitude training for the 2020 batch students preparing for off campus drive

Ref: Our discussion with Mr Bibin Joy of the placement cell;

Dear Sir,

As the 2020 batch students of Jyothi Engineering College gears up for the off campus recruitment of the IT major Infosys, we are happy to offer our expert services towards the same.

A brief about
Konfidence

Our firm **Konfidence** is a Kochi based organization operating and specializing in the field of preparing graduates and post graduates to clear aptitude tests during campus recruitment. **Konfidence** was started by two IIM graduates with an engineering background and industry experience in 2004.

The following are the salient aspects of our training programs

- # Focus on basic logic development and fundamentals - Utility beyond placements
- # Aptitude Tests designed in tune with the corporate and competitive tests
- # Test taking strategies and best practices to improve performance
- # Individual results sent to students and comprehensive report to placement cell.
- # Three areas covered - Logical Ability, Quantitative Ability and Verbal Ability
- # Faculty with 8,000 + hours of aptitude training experience to offer the course
- # No Franchisee / branch operations - Core team available to customers
- # Training programs of duration 2 days to 10 days.

Details of the Proposed Infosys Specific 2 Day Aptitude Training Program

Topics Covered.

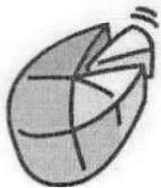

The Infosys Aptitude Test consists of three sections - Arithmetic Reasoning & Analytical Thinking, Mathematical Critical Thinking & Logical Reasoning and Test of communicative English. These areas mainly correspond to Quantitative, Logical and Verbal areas. In the proposed two day training program we shall cover the following aptitude topics:

Quant and Reasoning

- Analytical Reasoning and Puzzles
- Data Sufficiency
- Data Interpretation (Table, Bar Graphs, Pie Charts, etc.)
- Syllogisms or Deductions
- Quantitative Ability concepts like Time and Work, Profit and Loss

etc.,

Verbal Ability:

- Reading Comprehension
- Error Correction and Detection
- Critical Reasoning or Theme Detection

We shall do a test analysis and discussion based on the test.

The students will also be initiated to our online resources that would help in their preparation.

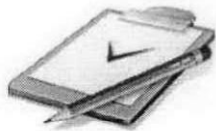

Training towards approaching aptitude tests.

Performing in Aptitude test papers involve more than knowing the test areas. Success (or a better score) here would depend a lot on the real time decisions that one takes during the actual test.

"Which all questions should I attempt?" or more importantly "Which all question are better left?"

"What will be the cut off for this test?"

The above mentioned are some of the concerns that any test taker would have. In this training, we look at techniques and ways to improve the performance in aptitude tests and have a special focus on the Infosys pattern. In a nut shell we look at - "How to approach the aptitude test for better results?"

Mock Tests and Benchmarking:

Whatever the students learn will be of no use if they are not able to apply their learning in an exam situation. During the proposed two day training program we shall administer two test papers in the Infosys pattern. This will give the students ample practice before the actual test.

Konfidence's competent resource personnel will offer the course

Course Duration and Scheduling:

The batch of students will have 2 days of training.

Each day of training shall be of 5 % to 6 hours duration.

As per the present plan we shall have 1 batch (of 60 to 70 students) The program shall be scheduled as per mutual convenience.

Course Fee:

Our charges for the aptitude training programs are Rs 15,000 per batch per day. However, during our earlier discussions with the management, we had offered to do our programs at Jyothi Engineering college at Rs 14,000 per batch per day.

Thus the total course fee for the proposed program will be 1 batch * 2 Days * Rs 14,000 = Rs 28,000 (Rupees Twenty Eight Thousand only)

This will include the cost of course materials, test papers, test evaluation and reports.

Payment Terms:

Payments shall be made by Cheque / Online Transfer.

Payments are to be made in favour of Konfidence payable at Kochi.

Logistical Requirements for conducting the course

Our team of trainers shall offer the training in the college at mutually convenient dates. Normal classroom with white / black board and the required seating capacity is the best place to conduct the training. We shall bring the necessary course material and test booklets for students to work out. For administering the tests, we require additional classrooms or drawing hall to spread the students into an exam mode.

We shall look at mutually convenient dates for conducting the program.

Looking forward to add value to your students,

Team Konfidence.

Principal,
